Sew Steady®: About Us

Dream World Northwest is the maker of the “Sew Steady® Table”, used by hundreds of thousands of quilters and sewers around the world. Sew Steady® tables are portable acrylic sewing surfaces used to craft beautiful garments and quilts.

Sew Steady® (Dream World Northwest) was founded in the early 90's and purchased by TipBar Incorporated in September of 2009. The sewing world knows the company by the Sew Steady® brand name. Our Sew Steady® product line consists of portable acrylic extension tables, cabinet inserts, and sewing accessories designed and customized to fit each individual sewing machine.

Our mission is to improve the sewing experience by designing and building Sew Steady® extension tables, cabinet inserts, and sewing accessories that are tailored to each machine.

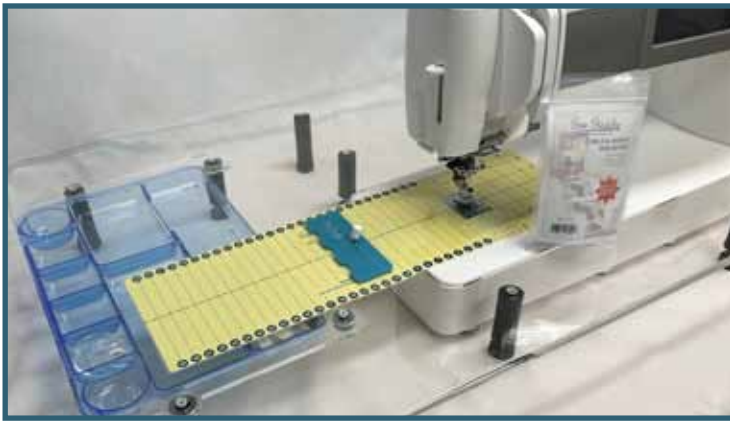

In April of 2015 we became the exclusive USA manufacturer and distributor of Westalee Design. This product line consists of over 450+ items, including new to industry quilting ruler work feet, 350+ ruler designs for domestic and long arm machines, and 200+ patchwork tools.

In August of 2019 we aquired the Westalee Design line, and are thrilled to finally bring these two pieces of a greater whole together under one roof.

Adjustable Locking Rulers

The **Adjustable Straight Rulers**, the **Half Square Triangle** and **Quarter Square Triangle**: these 3 tools are the essentials as approximately 80% of traditional pieced blocks are made using squares, rectangle, half square and quarter square triangles. **Setting Triangles**—set your quilts on point easily. The Adjustable Guide makes it possible to repeatedly cut fabric accurately every time.

This little tool makes it easy to hold your pieces in place as the fabric goes under the needle. Great to use when sewing points without stretching the bias edges. Sewing small pieces and using the Stiletto lets you easily control the fabric all the way to the needle.

WA-STIL..... Stiletto

The Scant 1/4" Seam Gauge will enable you to position the Sewing Machine Needle to give a perfect scant quarter of an inch seam allowance.

WA-SCANTGAUGE\$8.00

Machine Sewing Guide aids in sewing straight seams when machine piecing. The guide easily attaches to any sewing machine. Can be removed and re-attached as needed.

WESTALEE DESIGN PATCHWORK TOOLS

Available in 2 sizes, 12" and 6". More than 80 different blocks and borders.

Pinwheel Block Set

"This is a ruler set like no other."

Now you can create a whole collection of new blocks and, with a little imagination, you can even create your own unique block.

WR-PINWHEEL12" \$49.50

WR-PINWHEEL6" \$35.00

Each ruler is designed to allow mixing and matching. Each piece includes the seam allowance, has the points removed to enable easy line up and every piece you cut will be the same. This will make your blocks accurate and your quilts something to admire. Each set has instructions on how to make the three feature blocks.

"Exploring the Pinwheel Set"

Exploring the Pinwheel Set, a book with more than 80 different block designs, each with a quilt layout. While the book does not have patterns for every design, it does tell you what tools to use for each block. There is also a large selection of flower designs and borders that can be made with the Pinwheel Set.

WA-PINWHEEBOOK \$29.95

"Not Quite a Log Cabin"

The center of the block featured in this quilt is a log cabin with a second set of logs wrapping around the opposite side of the block. A red chimney stone center ties the blocks to the red background. The logs start in a very pale yellow and progressively darken to the outside of the block. The placement of the blocks forms an illusion which makes the sets of blocks appear to be floating. An easy to read placement chart makes piecing this quilt a breeze. Available as digital download.

WA-NOTLOGCABIN \$14.00

"Shhhh Don't Tell Anyone"

A book by Leonie West

Full of more than 60 detailed photos, and tips on piecing that will make this creative pastime even more enjoyable. Whether you are sewing squares, rectangles, triangles or you are using templates; if you follow the techniques in the book and pay attention to the detail, your piecing should be beautiful with points that meet without the need to trim your units and blocks.

Epsilon Star Setter

The traditional 8 pointed star block is one of the most beloved pieced blocks. But, if you have ever tried to work out the measurements for this block, you will understand why the Epsilon Star Setter is a fabulous and invaluable tool to add to your collection.

The Epsilon Star Setter comes with a DVD, comprehensive written instructions and a Triangle Setting Guide.

WR-EPSILONSTARSETTER \$45.00

- Create the Le Moyne Star in sizes from 2" to 18" (finished block size).
- Have the choice of Diamond styles, Split, Harlequin and Striped.
- You also have the choice of making your 8 pointed stars with or without "Y" seams.

The Epsilon Star Setter was made to enhance the use of our Half Square Triangle and the Miniature Quarter Square Triangle. These tools are required to make all the sizes and diamonds as shown in the instructions. The 45 degree Trim Guide is also a great way to take off the points.

 WR-BRAIDERSSET

When making a Square in a Square Block or a Block set into a Braid, the center block has an unusual finished measurement making it difficult to make pieced blocks. *If making a Block to fit an 8" x 8" Block finished Square in a Square Block the measurement of the center block is 5.657" x 5.657" - to make a simple 16 patch center block you will need to divide 5.657 by 4 5.657 / 4 = 1.41425". If you think cutting squares at 1.41425" is difficult or near impossible try cutting Half Square or Quarter Square Triangles. You can now make pieced center blocks for Braid and Square in a Square Blocks, EASILY without having to do the math.*

Important: Remember that the measurements on these tools are not standard inch measurements.
